About Us

For over six decades, the FAMU National Alumni Association Broward County Chapter has been a pillar of service providing scholarships in our community to deserving high school students attending FAMU. As a non-profit organization, we are dedicated to supporting Broward students attending Florida A&M University (FAMU) and promoting the University's mission within our county.

Through scholarships and community service initiatives, we invest in the academic success of Broward students at FAMU and contribute to the betterment of our community. Our commitment to excellence and service drives everything we do, as we continue to build a strong network of FAMU alumni and supporters in Broward County.

The Course

Representing a consolidation of the best traditions of the game combined with the latest in golf course design, Jacaranda Golf Club embodies the best of both worlds for today's golf enthusiast. Featuring 36 holes of championship golf, our course presents the golfers with impeccably manicured course conditions and picturesque landscaping that allows one to escape for a few hours and enjoy the game they love. Rated 4 Stars by Golf Digest and host to many PGA, USGA, and FSGA Championship Events, the East and West courses set the scene for a relaxing round with friends or a challenging round at a competitive golf tournament. In addition to an outstanding, customer-focused staff, Jacaranda features all of the luxuries found in a private country club setting, and the public golfer is sure to Experience the Difference at South Florida's premier semi-private golf facility.

Our Mission

These four dynamic components are the heartbeat of our mission, ensuring that FAMU thrives for generations to come.

Fundraising: We actively engage in fundraising initiatives to support the University and bolster local chapter programs.

Recruitment: All alumni play a pivotal role in recruiting students to attend FAMU.

Image Building: Our chapter sponsors monthly community activities to shine a spotlight on FAMU in Broward. By increasing visibility, we elevate awareness of our organization and its mission.

Government Relations: This component keeps us informed about issues impacting local and state laws, vital for the growth and development of key programs at Florida A & M University. Staying focused and involved in this aspect is imperative.
